

Florida Mission Center Council 2023

The FMC Council members sustained at the November 6, 2020, fall conference have agreed to continue serving in 2023. The Council is an advisory team that works closely with the FMC Leadership Team to bring ideas, insight, and advice for mission center programming. Council members are appointed by the mission center presidency to be broadly representative of the membership of the FMC. The mission center is grateful for the continued service of this dedicated group of individuals.
